

Packing 6493

Braided packing made of aramide-yarn of high resistance both to mechanical and chemical factors, suitable for higher temperatures. Recommended for high-pressure pumps and fittings in contact with water, water steam, saline solutions, medium-strong acids and bases and organic agents such as fuels, oils, lubricants or solvents. Especially recommended for abrasive agents. Used in all branches of industry and municipal economy. Especially recommended for mining industry.

TECHNICAL PARAMETERS

	Centrifugal Pump	Reciprocating Pump	Fittings
T_{\max} °C	-200 ÷ 280		
p_{\max} bar	25	100	100
V_{\max} m/s	8	2	2
pH	2-13
